COLLECTION

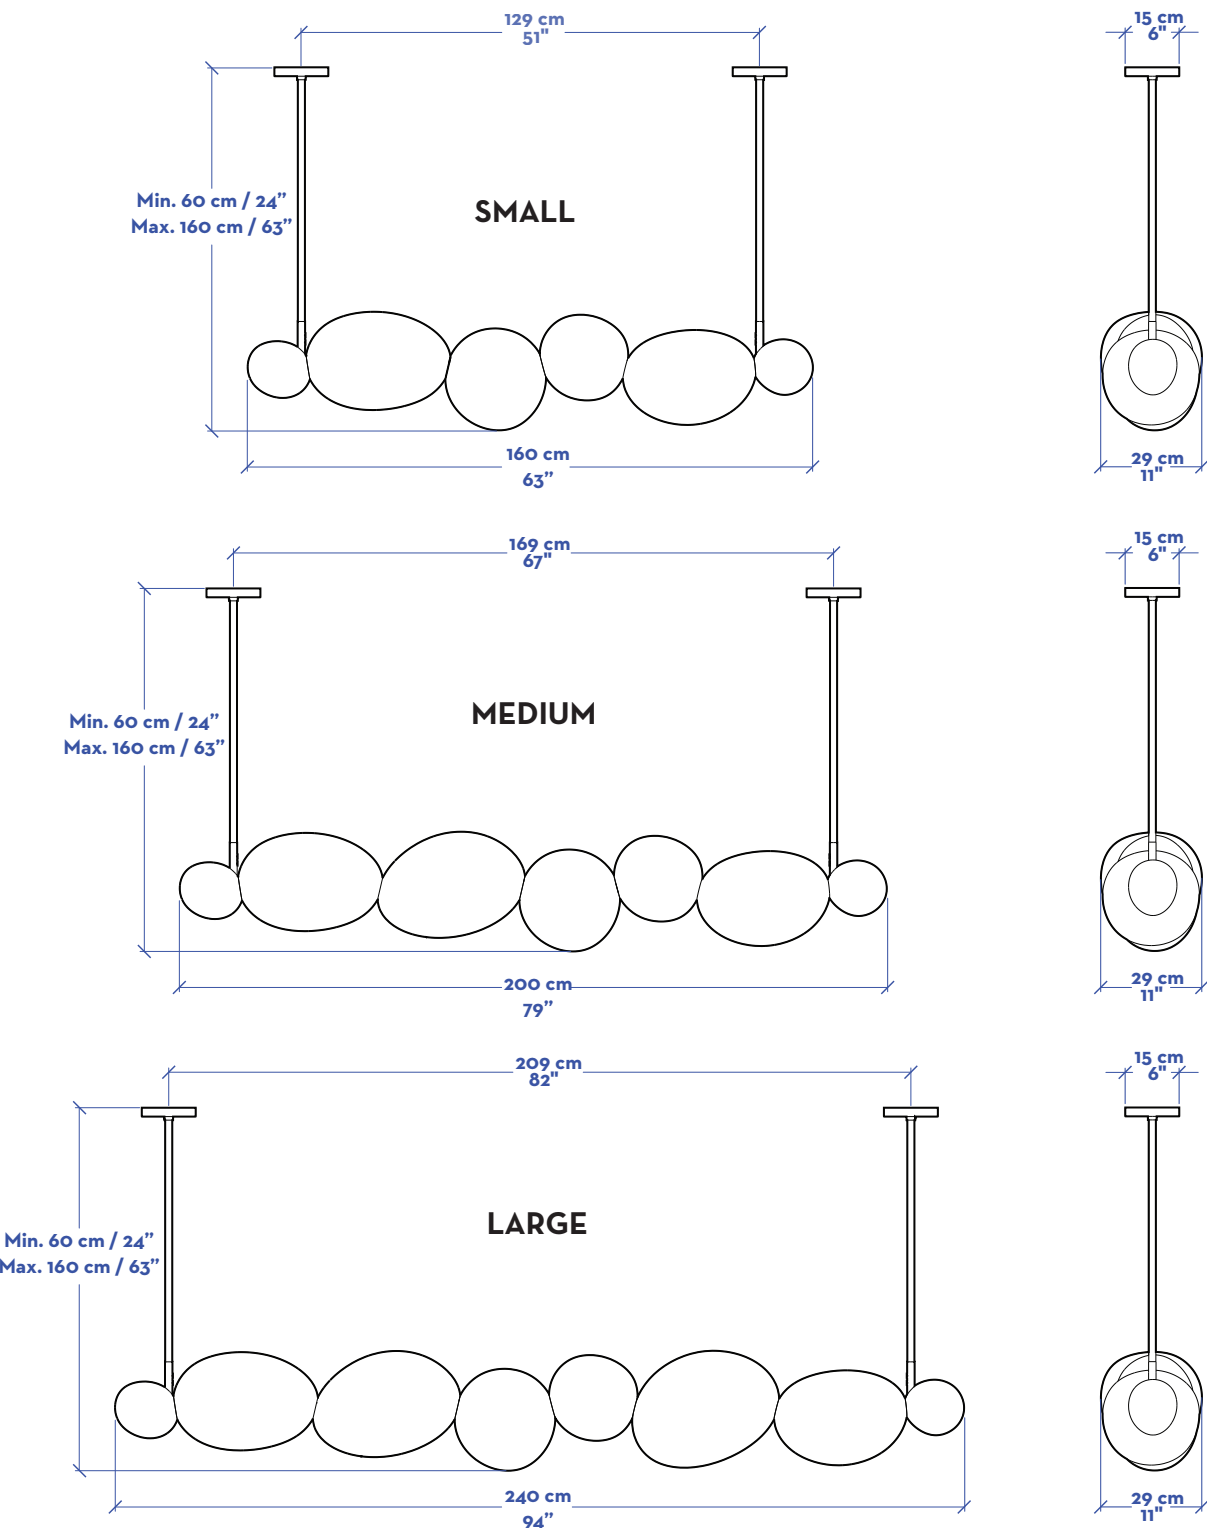

BARBICAN

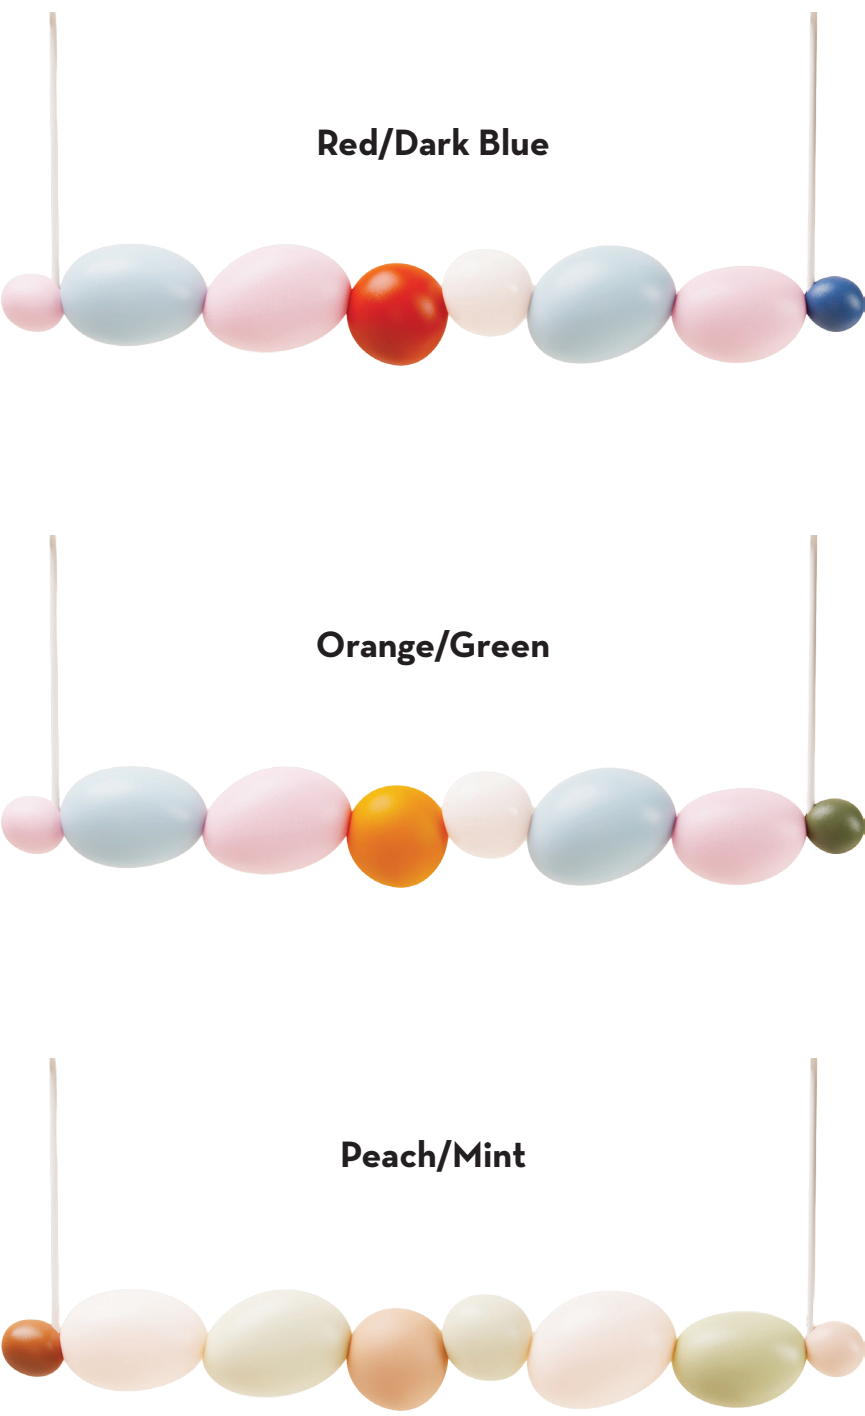

When Chamberlin, Powell and Bon designed the Barbican in the aftermath of the Blitz, they set out to rethink how people live within buildings and cities. The Barbican Chandelier draws inspiration from this spirit, pairing a collection of colourful, organic spheres with the strong Brutalist geometry of the centre itself. Their matte finish and rounded forms bring a sense of softness and humanity to the piece, creating a gentle contrast with the Barbican's monumental concrete architecture.

PRODUCT INFORMATION

Description

More than a reference to a place, the chandelier celebrates the balance between structure and warmth that has made the Barbican an enduring source of inspiration for generations of designers, artists and residents alike.

The idea for the chandelier emerged while Bryan was designing a light for his own apartment and searching for something that felt both playful and considered, much like the Barbican Centre itself. Inspired by the relationship between the Barbican’s architecture and the life that inhabits it, he sought to create a piece that balanced technological innovation with warmth and humanity.

Advances in contemporary manufacturing made it possible to realise a series of softly contoured, hand-painted resin forms that would have been difficult to achieve through traditional methods alone. The precision of these production techniques contrasts with the organic nature of the individual elements. Their rounded silhouettes, subtle deformations and tactile painted surfaces soften the technology behind them, echoing the relationship between the Barbican’s monumental concrete forms and the human experience within them.

The colours are inspired by the palette of the Barbican itself, inviting curiosity and wonder.

Maintenance

Clean with a damp cloth. Avoid the use of all-purpose cleaners and other degreasing detergents. Make sure to turn off the power while cleaning.

Classification

Class I

Year Of Design

PRODUCT SPECIFICATIONS

Name		Year of Design
BARBICAN		2023
Size	Finish	Product Code
6 Globe	Red/Dark Blue	P-PL-0160
	Orange/Green	P-PL-0161
	Neutral	P-PL-0162
7 Globe	Red/Dark Blue	P-PL-0170
	Orange/Green	P-PL-0171
	Neutral	P-PL-0172
8 Globe	Red/Dark Blue	P-PL-0180
	Orange/Green	P-PL-0181
	Neutral	P-PL-0182

Materials

Standard Resin, Powder coated Steel, Aluminium, LED

Illumination

40W integrated LED / 24VDC / 2700K
Supplied with separate LED driver and WiFi dimmable controller (100-240V input).
Up to 3,600 lumens at full output

Dimming

WiFi Dimmable, Compatible with leading and trailing-edge (forward/reverse-phase)

Dimensions

6 Globe
Assembled: H 60-160cm x W 160 cm x D 29 cm / H 24-63” x W 63”” x D 11”
Boxed: L 180cm x W 40 cm x D 40 cm / L 71” x W 16” x D 16”

7 Globe
Assembled: H 60-160 cm x W 200 cm x D 29 cm / H 24-63” x W 79” x D 11”
Boxed: L 220 x W 40 cm x D 40 cm / L 87” x W 16” x D 16”

8 Globe
Assembled: H 60-160 cm x W 240 cm x D 29 cm / H 24-63” x W 94” x D 11”
Boxed: L 260 cm x W 40cm x D 40 cm / L 102” x W 16” x D 16”

Weight

6	Product (net): 20kg / 44lb	Boxed (gross): 22kg / 48lb
7	Product (net): 25kg / 55lb	Boxed (gross): 27kg / 60lb
8	Product (net): 30kg / 66lb	Boxed (gross): 32kg / 70lb

Drop Height

Standard drops:

Min. 60 cm / 24”
Max. 160 cm / 63”
